

The Askey RC40 Rugged Mobile Computer

The affordable rugged high-performance mobile computer alternative.

Device Overview

Run your retail, warehouse, logistics or hospitality business

As a leader in 5G network communications, Askey Computer leverages decades of mobile computing expertise and a legacy of over 21 million devices deployed for global brands. Now, redefining Enterprise mobile computing, Askey introduces the RC40. A pocket-friendly design conceals a rugged form factor equipped with cutting-edge processing power, seamless connectivity and data collection to outsmart your competition without having to outspend them.

Benefits

Evolve your business today with solutions tailored for retail, transportation, and more

Qualcomm® QCM4490 Kryo Octa-core, @2.4GHz

Build in powerful, efficient processing for advanced IoT device computing tasks.

EZ Suite Software to make Enterprise computing – Simple

License-free SW solutions like EZ PTT, EZ Clone and EZ Wedge to simplify configuration settings, team collaboration and rapid deployment.

Superior future – proofing

Superior future-proofing and return on investment with built-in support through Android 18.

Next – gen wireless connectivity

5G connectivity with private 5G and CBRS and Wi-Fi 6E for multi-gigabit speeds, extended range, and low latency.

6 in Full HD TFT 600 NIT LCD Display

Operate in any kind of lighting and weather conditions using fingers, gloves, or stylus.

Simple Repair Services

Maximize device uptime with warranty service and choice of extended service coverage.

Choice of data collection options

Choose between standard range (arm's length) scanning or advanced FlexRange™ scanning up to 80 ft.*

*Distance dependent on symbology type and size; ambient light level.

Enterprise Rugged – proof

Dual IP65/IP68 sealing; class-leading 6 ft./1.8 m drops to concrete without protective boot to drive up cost and drive down ergonomics per MIL-STD 810H, 1000 0.5 m tumbles.

Top Reasons to choose Askey and the RC40

Evolve your business today with solutions tailored for retail, transportation, and more

1

Partner with the Manufacturer

Only Askey brings our experience not only as a leading hardware vendor but also as a leading 5G telecommunications company which means that we always know the latest technology and the most appropriate way to put it to work for you.

2

Built for your Enterprise

With Askey's over 2 decades of enterprise mobile computer design experience, the RC40 can withstand the demands of your enterprise and workforce. Without the need of additional protective cases that add weight, cost and size, the RC40 has class leading military standard 6 ft/1.8 m drop to concrete, dust and water-proof IP65/IP68 sealing and 1000 1.6 ft/0.5 m tumbles to get the job done, wherever the job takes them. Use the RC40 indoors or outdoors with the large 6" full high definition bright 600 NIT display with the protection of Corning® Gorilla glass.

3

Seamless Connectivity

Reliably connect with enterprise applications at the edge of your enterprise with the latest and fastest Wi-Fi 6E, 5G cellular, private 5G/LTE and CBRS wireless technologies for faster speeds, and tailored network solutions.

4

License-Free Productivity

Pre-loaded and license-free applications to simplify operations, device configuration and increased team PTT collaboration.

5

Improve Employee Satisfaction

Workers depend upon their mobile device to get their job done – RC40 gives them a choice of form factors with easily attached handle, connectivity wherever the task is located, field replaceable batteries, choice of scan engines and a large display easily seen indoors and out.

Askey helps you **evolve** your business to meet today's market speed and demands, backed by our market **knowledge** to make you **stronger**.
